MONDAY.....JULY 22, 1912

Great hearts alone understand how much glory there is in being good.—Michelet.

## THE WAY TO WORLD-PEACE

Dr. Charles W. Eliot's words today on international peace will be heard around the world. Touching American soil again after his tour of the globe in a search for methods of attaining international peace, the distinguished president emeritus of Harvard is giving first utterance to his conclusions on the virtual completion of his tour. These conclusions are clear, concise, definite, and it remains for the nations of the world to say whether or not they are practicable and to put them to this last test of fitness.

He does not hold out the Utopian dream of immediate disarmament. He makes no attack on fortress or battleship. His advice, dictated by the mature judgment of a life spent in action as well as in thought, is the advice of one who sees the vital necessity of national protection. Education is the golden key of hope he holds out to unlock the door of peace and fling its portals wide enough for all nations to enter.

Sound and progressive, prudently daring, of the loftiest idealism and the sanest modernity, Dr. Eliot's suggestions afford a remarkable addition to the propaganda for world-peace. The Star-Bulletin counts itself as fortunate in the extreme in being able to present in an authorized interview the first statement given to an American paper on the conclusions the great educator has reached.

## WHAT IS THE LAW TO BE?

Honolulu and every other community in this territory has to do something to stop the steady increase of drunken crime.

Not a day passes but the police are called upon to deal with some crime that is due directly to drink. Not an hour but another crime is developing in the heated brain of some drink-mad weakling made dangerous by alcoholic excess.

A woman has been assaulted in one of this city's hospitals by a man turned into a brute by "booze." On the same page that chronicles this awful story is the report that two special officers have been attacked and injured while raiding a "dago red" establishment.

"Dago red" is the nickname for cheap wines most of which are brought here from the Coast before they mature, and the Star-Bulletin has gathered information from experts showing conclusively that this "young" wine is the most harmful.

Is Honolulu and all Hawaii to be at the mercy of vile wines sold at a few cents' profit per cask?

Are women to be assaulted, officers of the law to be beaten by thugs and plug-uglies whose homes are the dives and whose industry is that of thieves and panders?

The "dago red" problem ought to be solved. License Inspector Fennell says that the wine should mature at least five or six years before being sold here. This suggestion offers a definite basis on which to work.

Reputable liquor houses are refusing to sell this cheap "dago red." It is as dangerous as the bomb of an anarchist, and it should be driven from the liquor industry as the lighted fuse of a bomb would be stamped out underheel.

Is there one man, be his business what it may, who desires to see this community run by "booze" and the law of this community one of assault, riot, orgy and bestial violence?

## "SEE HAWAII"

Hawaii has a chance to take active part in a movement that will mean much to this country in the way of bidding for tourist traffic.

In October a great mass-meeting will be held at Chicago of those interested in the "See

America First" movement, and representatives of all transportation companies, hotels and promotion organizations are asked to attend.

At a meeting of the temporary board of the See America First Association, consisting of representatives of the Santa Fe, New York Central, Burlington, Northwestern, Illinois Central, St. Paul, Wabash and Great Northern railways, held in the rooms of the Transcontinental Passenger Association, this step was decided upon.

Membership of the association, it was decided, shall consist of all carriers, both rail and water; chambers of commerce, boards of trade, civic organizations, hotels and hotel organizations, transatlantic and transpacific carriers and others interested.

Hawaii should by all means be represented at this gathering. "See America First" is just the kind of a slogan that will help Hawaii and bring thousands of tourists here.

These islands have wonderful natural charms to offer the world, and such an organization as is to be formed in Chicago should certainly welcome Hawaii into the fold and make part of its campaign a nation-wide recommendation to "See Hawaii."

## SAFE AND SANE AVIATING

The Aero Club of Illinois has promoted a national association of aviators, founded "to save the lives of the remaining American flyers." The avowed objects of the club are to pledge members not to fly in an aeroplane they don't think safe, regardless of jeers or accusations of cowardice, and to persuade their fellow-airmen not to engage in unsafe flights. Club members are to exchange experiences and to give advice on aero meets. The association will conduct intelligent investigations of aviation accidents, and endeavor to lessen the terrible toll of deaths due both to constructional defects and to recklessness among the men who make a business of flying.

This movement is among the most remarkable ever recorded, but it is certainly in the right direction. Comment was made in these columns some time ago on the needless dangers that American aviators particularly expose themselves to purely for speed and altitude records. The time has passed when the public demands flights of this kind, and the national association will accomplish a worthy object if it pledges its members to make safety a consideration before speed.

## CUBA'S MILITARY GENIUS KILLED

Cuba's most dangerous insurrectionist is out of the way, if cabled reports of the killing of Gen. Iyonet are correct.

Gen. Estenoz, the negro, has been given most of the public attention during the recent outbreak, but the brains of the actual fighting have been Iyonet. Estenoz was the politician of the revolt; Iyonet the military genius, and Iyonet was the leader of the fighting forces. The negro insurrectos had no particular love for Estenoz, according to Cuban dispatches, but followed Iyonet with implicit faith.

Iyonet and Estenoz squabbled repeatedly over the question of military operations and part of the weakness of the revolt was due to mismanagement, of which the Cuban government leaders took advantage.

Why not put Duke Kahanamoku's photograph on some of the promotional literature sent out from Hawaii, with a fine stating that he is the world's champion swimmer, the product of Walkiki beach?

The muck-rakers are now busy with Philadelphia's famous Liberty Bell. They have discovered that it did not ring out for liberty on July 4, 1776.

A Pittsburg magistrate declares that quarrelsome women should be muzzled. It's lucky there's no judicial recall in Pennsylvania.

The Third Party is invited to consider a suggestion that it adopt the Third Term Party as its official name.

Dynamite is considerably more popular in Mexico than in the United States as a political argument.

Sea Girt is now competing with Beverly and Oyster Bay as a popular summer resort for politicians.

Anyway, the Bull Moose party has an ample supply of teeth on hand for watch-charms.

There is no family connection between the Third Party and the Fourth Estate.

They are arresting their ex-presidents in Mexico!

## PERSONALITIES

CARL S. CARLSMITH, the Hilo attorney, was a passenger in the Sierra. H. NEWMAN, a San Francisco business man, arrived at the port this morning per the S. S. Sierra.

MISS H. NEEDHAM of the city schools has returned from a delightful vacation spent on the Coast. MISS ALICE CHILDS was a passenger to arrive in the Sierra this morning after an extended visit to the Coast.

B. JACOBSON is a passenger in the Sierra, from San Francisco, this morning and will locate at Schofield Barracks.

H. V. HAMPTON, brother of the famous baseball player on the mainland, is a visitor in the Islands as a passenger in the Sierra this morning.

MRS. W. M. GIFFARD has returned to Honolulu as a passenger in the Sierra after an extended visit to points of interest throughout California.

MRS. H. N. WHITFORD, wife of the chief of the bureau of forestry in the Philippines, is a through passenger in the Sierra, en route to the Coast.

MRS. M. O. JENNINGS and Miss Juanita Holmes of San Francisco are arrivals in the Sierra, with a view to opening a cafeteria at the capital city.

W. W. GOODALE, manager of Wai-ala plantation, has returned from a business and pleasure trip to the mainland. He was a passenger in the Sierra.

MISS A. FRANK and Miss F. Frank are completing a tour of the world as passengers in the Pacific Mail liner Siberia. They are returning to New York.

E. T. HUGHES, an expert automobile man, is an arrival at Honolulu, coming here to join the von Hamm-Young agency. He was a passenger in the S. S. Sierra.

R. G. CURTIS, who has been attending the Commercial High School at San Francisco, was a passenger in the Sierra, to visit with his parents on the Island of Hawaii.

R. A. BALESTER and Mrs. Balester of Watsonville, Cal., are enrolled as passengers to arrive this morning in the Sierra. They may later decide to locate here permanently.

MRS. ELLA SEXTON, a well-known writer, is a visitor to the Islands for the purpose of collecting data to be incorporated in a series of articles, intended for the mainland press.

A. B. BUFFEEM is a well-known Coast automobile man who has arrived at Honolulu, to join forces with George Beckley in the handling of the American car in these Islands.

R. S. LYDECKER of the bureau of archives expresses himself as glad to return to the Paradise of the Pacific after a three months' tour of the mainland. He was a passenger in the Sierra.

F. L. BATES, with the Hongkong agency of the Pacific Mail, is making a trip to the homeland as a passenger in the liner Siberia, which arrived at Honolulu from Oriental ports this morning.

J. LENNOX, with the S. S. Sachs Dry Goods Company, is back from a three months' business trip to the mainland in the interests of his firm. Mr. Lennox visited all the important dry goods centers in the States.

MISS M. E. NELSON of Los Angeles was the lucky winner of a prize at a raffle held on board the Sierra on Saturday evening. Miss Wilson is making a pleasure trip to Honolulu and will return to the Coast in the Sonoma.

G. G. ELY, a well-known lumber surveyor, has come to the Islands to identify himself with the mills on Hawaii operated by the Pahoa Lumber Company. He expects to remain in the Islands for the better part of a year.

S. G. HINDS, president of the San Francisco Bridge Company, which holds valuable contracts for construction work at Pearl Harbor, is making one of his periodical inspection trips to the Islands, as a passenger in the liner Sierra.

J. B. STEVENSON, with the San Francisco firm of Carlson, Currier & Co., is an arrival at Honolulu on a combined business and pleasure trip. Mr. Stevenson has been making semiannual tours of the Islands for a number of years past.

R. M. DEWING, who arrived in the Oceanic liner Sierra from San Francisco this morning, will assume the duties of foreman at the Hawaiian Preserving plant. Mrs. Dewing accompanied her husband to the Islands, to make her home in this city.

M. C. PACHECO is back after having attended the sessions of the national Democratic convention held at Baltimore. Mr. Pacheco was a member of the delegation sent from the Territory of Hawaii to represent the Paradise of the Pacific at the big political meet.

DR. A. C. ROTHROCK and Dr. A. R. Thomas, graduates from the University of Pennsylvania, are the latest addition to the medical staff at Queen's Hospital. They will serve in the capacity of internes. The medical men were arrivals in the Sierra this morning.

REAR ADMIRAL H. R. STANFORD, U. S. N., identified with the construction bureau of the United States Navy at Washington, D. C., is an arrival at Honolulu today as a passenger in the Oceanic liner Sierra. He comes to Hawaii to make a general inspection of work now under way at Pearl Harbor.

C. W. JONES, president of the Moody Manual of Railway Corporation Securities, with headquarters at New York, accompanied by Miss Mary Jones, is a visitor to the Islands, arriving this morning in the Sierra. They will view the wonders at the volcano before returning to the mainland in the China.

JOSEPH E. WISEMAN, an old kamaaina who has been away from the Islands for 25 years, returned to the Paradise of the Pacific as a passenger in the S. S. Sierra. "I will demand a charter membership in the Come Back Club," he said on arrival this morning. Mr. Wiseman has for years been located at Los Angeles.

REAR ADMIRAL ROBERT ROSS, U. S. N., and Miss Alice B. Ross are touring the world on a two-year trip and were arrivals at Honolulu in the Oceanic liner Sierra. They will remain in the Islands for a fortnight and await the steamship Ventura for passage to Samoa, where two months will be spent before proceeding to Sydney. Rear

Admiral Ross proposes to visit Australia, China, Japan, Java, Borneo, Japan and other Oriental countries, returning home by way of Europe to New York.

GEN. LAN TIEN WEI, a notable Chinese identified with the military in the new republic, is a passenger in the Pacific Mailer Siberia, en route to the United States and Europe. He is on a diplomatic mission and will also carry on a careful investigation of military affairs while in foreign lands. The official is accompanied by three interpreters.

"JIMMY" BLAISDELL, who was a member of the crew of local yachtsmen who sailed the yacht Hawaii to San Pedro, but was obliged to remain behind because of illness, returned to Honolulu this morning in the Sierra. "Jimmy" was the recipient of an enthusiastic reception at the hands of his friends gathered at the wharf. It was predicted aboard the Sierra that the genial Jimmy is a late victim of Cupid's marksmanship.

"TEDDY" McNAMARA, the comedian with the Pollard Juvenile Opera Company, which is to open an engagement at the Bijou this evening, joined the company as a passenger in the Sierra this morning. Teddy has a host of friends, won during the stay of the Pollards at Honolulu some years ago, when they became prime favorites at an engagement played at the old Orpheum. During the past five years McNamara has traveled extensively about the United States and Canada.

## PROGRESSIVES LAUNCH PARTY

(Continued from Page 1)

The treasurer now reports that sufficient funds are in hand for the purpose, and the Chairman has received wireless messages from Hawaii and Maui, signifying approval and assurances of support. We therefore recommend that Hon. A. L. C. Atkinson be appointed our delegate to the convention at Chicago on Aug. 5, and also be elected as our National Committeeman.

**Declaration of Faith.**  
We submit for your consideration a few Progressive principles which we recommend for adoption, as a declaration of our faith.

We believe that wholesome party government can come only if there is wholesome party management in a spirit of service, and with individual willingness to act without hope of gain and even at the risk of personal loss and discomfort.

We believe that the time has come for a National Progressive party; a nation wide movement on non-sectional lines, so that the people may be served in sincerity and truth by an organization unfettered by obligations to conflicting interests.

**"By the People."**  
We are not prepared to accept the principle enunciated by the leader of the Republican party that ours is a government of the people, for the people, by a representative part of the people, for we believe that the government by the few tends to become, and in fact has become, the government by the sordid influences that control the few.

We believe that the beneficiary of a moral wrong cannot escape responsibility for it, even though it be a political party, and that our community, isolated though it may be, is not yet so refined or so effete as to be indifferent to moral issues.

We believe that only through the National Progressive party can we obtain in the nation and in our own territory the legislation demanded by modern industrial evolution; legislation which shall favor honest business and yet control the modern business, so as to insure that it shall be an instrument used in the interest of the whole people; legislation which shall promote the efficiency of our local government to the end that the people shall have one hundred cents of return for every dollar of expenditure; legislation which shall promote the well-being of the honest wage worker, the professional man and the business man alike, but which shall at the same time strike in efficient fashion at the roots of privilege and dishonesty in the world of industry no less than in the world of politics.

We believe that only through such new and fearless political leadership of wise industrial evolution will the American people succeed in averting industrial revolution.  
**For Direct Primary.**

We believe in the right of the people to rule and that this can be best promoted in Hawaii by securing their expression through direct primary elections.

We object to the present method by which the supervisors themselves determine which supervisors shall have charge of our roads, our police, our public works and health departments and believe that those in charge of such public service should be elected directly by the people.

We declare in favor of direct official responsibility without unnecessary division, and oppose the election of deputies believing that the head of each department should appoint and be responsible for his own subordinates.

We believe that those receiving our support as candidates of the coming legislature should publicly discuss and frankly state their position on all important subjects of local interest. We shall deprecate a campaign of personality, or by candidates who are afraid to state their views.

And your committee suggest that an invitation be extended to all in accord with these views to join in this movement.

Enrollment cards are in the hands of the Secretary H. M. Ballou and may be had on application.

Your committee further recommends that the following cable be sent to the National Headquarters.

"Hawaii Progressives sending Atkinson delegate Chicago. The only Territory in line Statehood expects representation. Hurrah for tidal wave." Respectfully submitted,  
PROVISIONAL COMMITTEE.

## SCHOOLMARM'S ON VACATION

The Hawaiian islands have become a favorite mecca for vacationing school teachers, on the coast and throughout the mainland, as a result of the favorable publicity spread broadcast through the instrumentality of the Hawaii Promotion Committee.

A bevy of pretty and vivacious school marms were numbered among the passengers to arrive in the Oceanic liner Sierra this morning. They were reported to be the life of the ship on the way down from San Francisco and were easily the leaders in all musical and literary entertainments planned by the officers.

The party will remain in the islands until a few days prior to the opening of the California school year.

It was a very merry party of educators that traveled to Honolulu in the popular liner, and among the teachers were Miss Grace Hayman and Miss Helen Ward of the San Diego High School, Miss Ruth Blodgett a teacher at Bakersfield, California and several others from other well known educational institutions.

Miss L. L. Lathrop of the Grammar School at Nina, Nevada is a member of the party.

The Norwegian steamer Guernsey, from Honolulu in ballast, is reported to have arrived at Astoria, Ore., on Saturday. The vessel completed its discharge of a cargo of Australian coal at Honolulu on July 10.

THE name 'Wichman' is rightly accepted as a guarantee of the highest quality when pertaining to jewelry.

We have striven to establish such a reputation, and we now pride ourselves on the fact that our friends have coined the phrase "If it's from Wichman's you know it's Good."

## FROM DICKENS

THE Pickwick Club had finally dissolved and Mr. Pickwick had made a choice of a home. Everything was so beautiful! The lawn in front, the garden behind, the miniature conservatory, the dining-room, the drawing-room, the bed-rooms, the smoking-room, and above all, the study, with its pictures and easy-chairs, and odd cabinets and queer tables, and books out of number, with a large, cheerful window, opening upon a pleasant lawn, and commanding a pretty landscape, just dotted here and there with little houses, almost hidden by the trees; and then the curtains, and the carpets, and the chairs, and the sofas! Everything was so beautiful, so compact, so neat, and in such exquisite taste, said everybody, that there really was no deciding what to admire most. We have just such a home in Manoa Valley all ready for you—or we can build you a home after your own plans in Beautiful Kaimuki.
